

On April 7, 2019, the Partnership Pastoral Council for Blessed Sacrament and Our Lady Queen of Peace Parishes hosted a second Town Hall with parishioners from both parishes at Blessed Sacrament Church. As a result of that meeting, the following concerns were identified:

- Need for handicap seating options
- Improve the acoustics at Blessed Sacrament
- Address the sewer trap issues at Blessed Sacrament
- Increase attendance at Mass
- Balance our concern with finances and faith development

The Pastoral Council has already begun drafting plans to address these issues. Please watch the bulletin and website for updates.

The purpose of the Partnership Pastoral Council for Blessed Sacrament and Our Lady Queen of Peace is to serve as a consultative body to the Pastor per Diocesan guidelines, to develop and implement strategic planning for the future of the partnership, assist and encourage parishioners in living their baptismal calling and foster the sacramental life of the partnership parishes.
